

CastleHaven

15 Phoenix Avenue Stanhope Gardens NSW

3 1 1

Single level properties are hard to come by - even more rare is finding one that has been renovated to the level and sophistication of this property in Stanhope Gardens.

The property's internal renovation spared no expense and it is now proudly brought to market boasting a kitchen that is simply to die for. The polyurethane cupboards are set off by stunning 40mm caesarstone bench tops, stainless steel gas cook top and a thoughtful design that make time in the kitchen more of a pleasure than a chore. Perhaps, the only thing as important to buyers as the kitchen is the bathroom and rest assured the bathroom has been treated to a total makeover through the renovation process. Modern down lights and crisp, fresh white paint are included through the property to help complete what is a truly stunning transformation of this three bedroom, brick veneer property. Each of the bedrooms boasts built-in wardrobes and the auto single garage can be accessed internally.
