

CastleHaven

North Kellyville

This outstanding, level homesite is nestled in a quiet crescent which adjoins public reserve. The perfect, level building site would ideally suit any style of home design built on a concrete raft slab type of construction (offers very low site costs and low easy landscaping costs).

The public reserve links up with one of the areas biggest public recreational sporting fields and activities centre and walking tracks.

Bus to city around the corner. Local school and Woolworths nearby.

For details call Russ on 0416 170 040 now.
